SPECIAL FEATURES

Corium 64 Commercial Kitchen Equipment Cleaner is a super non-acidic cleaner made with advanced and automatic cleaning compounds.

- Corium 64 enhances the overall efficiency of ovens with genuine cleaning effects.
- Corium 64 removes carbon-encrusted grease harboring harmful bacteria and organisms.
- Corium 64 saves time - works great even on warm oven and equipment.
- Corium 64 requires no scrubbing, scraping or scouring.
- Corium 64 is safe to use on ferrous alloys, copper alloys and most plastic materials.

OUTSTANDING PROPERTIES

- Highly concentrated - economically superior for regular and thorough cleaning.
- High cohesiveness minimizes dripping and run-off during application.
- Acts quickly on even the most stubborn accumulations.
- Non-acidic formulation gives off no harmful fumes or odors.
- Designed to take off the toughest baked-on deposits
- Ease of use - just use a brush.

USE FOR

Corium 64 is specially designed to remove the toughest deposits and greases found in industrial / commercial applications and catering equipment.

Professional cleaners, hotels, caterers, restaurant operators, food & beverage processing plants and commercial kitchens for airlines, use Corium 64 for:

Grills, Ovens, Deep Fat Fryers, Rotisseries, Barbecue Grills, Cooking Ranges, Stainless Work Surfaces, Pots and Pans.
