SPECIAL FEATURES

CORIUM 78 Gleaming Zinc Coating is a convenient, anti-corrosion, high-temperature resistant, multipurpose, protective coating spray that forms an irresistibly aesthetic protective finish on ferrous parts & components.

- **CORIUM 78** features a shiny-gleaming-bright silver coating that is superior to common products which only produces a dull matt finish
- **CORIUM 78** is formulated with a proprietary package of zinc, aluminum powder, synthetic resins and a family of additives
- **CORIUM 78** delivers huge cost saving with reduced deterioration of parts & components

OUTSTANDING PROPERTIES

- Silver-grey thick proprietary spray liquid drying rapidly to a gleaming silver coating
- Superior high temperature resistance up to 350°C
- Performs by electrochemical protection while the resins form a physical barrier which shields against any external attacks
- Dried coating can also be covered by other paints or varnish to suit all color matching needs

USE FOR

With its state-of-the-art shiny finish **CORIUM 78 Gleaming Zinc Coating** offers unique advantages on the repairs, maintenance & protection of:

Automotive parts, e.g. mufflers, engines, low doors, couplings, car interiors; Trailers, frame of caravans; Plumbing fixtures, e.g. pipes, drains, boilers, tanks, connections, supports, nut & bolts; Buildings, e.g. metal frames, covers, door & window metal frames, verandas, garden shelters, anchoring; Garage doors and mechanical parts; Power transmission pylons. For repair of damaged hot dipped parts.
