## CORIUM INDUSTRIAL CHEMICALS

A Division of Magna Industrial Co. Limited

# SPECIAL FEATURES

**Corium Z76 Super Powdered Descaler** is a scientifically effective blend of powdered concentrated acid, indicators and inhibitors that, when dissolved in water, replaces most other acids used in difficult descaling operations.

- **Corium Z76** is the super effective concentrated blend that removes scale deposits from boilers and water cooling systems.
- **Corium Z76** is super safe in dry form and replaces dangerous hydrochloric acid based descalers.
- **Corium Z76** is super economical – powdered solid form that saves you handling, storage and shipping costs.

# OUTSTANDING PROPERTIES

**Corium Z76** is the superior powdered descaler that :

- Contains special metal inhibitors to retard acid attack on metal parts during the descaling process.
- Contains special indicator for easy identification of descaling strength.
- Is completely non-corrosive in its powdered solid form. Turns acidic only when dissolves in water.
- Offers substantial improvements in safety and economy when compared with conventional hydrochloric acid based descalers.
- Is easy to use – can be added to water systems directly from packaging.

# USE FOR

Use **Corium Z76** confidently on:

- Boilers • Water Cooling Towers • Chillers • Steam Generators  
• Fire Main Systems • and more ...
