## SPECIAL FEATURES

**Corium Z91 "Supra-Ease" Stainless Steel Passivator** is the super easy brightening system that improves the corrosion resistance of stainless steel, yet requires no special equipment or training to apply.

- **Corium Z91** features "built-in wire-brushing" action for cleaning burned or discolored stainless steel fast and effectively.
- **Corium Z91** revitalizes corrosion resistance of all grades of stainless steel after welding or cutting.
- **Corium Z91** employs a superior formulation – works without time-consuming brushing, scouring or scrubbing.

## OUTSTANDING PROPERTIES

**Corium Z91** the super easy stainless steel passivator that :

- Removes unsightly stains and discoloration and rejuvenates stainless steel in just minutes.
- Is super concentrated – a small application goes a long way.
- Requires no special equipment, no mixing of chemicals, no special tanks and no special knowledge of the system.
- Is safe to use – it's non-flammable and non-explosive.

## USE FOR

**Corium Z91** is excellent for the general-purpose cleaning of rusted and oxidized stainless steel.

Use **Corium Z91** for preparing stainless steel surfaces for brazing or soldering and for cleaning and revitalizing stainless steel after welding or cutting.

**Corium Z91** can be applied easily by brushing or dripping. Simply wait until the surface dirt and oxides become loosened and then hose **Corium Z91** off with water for absolutely brilliant results.
