SPECIAL FEATURES

Omega 904 Industrial Oil Concentrate is scientifically designed to significantly improve machinery operating efficiency and reduce costly maintenance downtime.

- **Omega 904** is quality formulated with special fortifying additives to reduce lubricant oxidation and related problems including acid formation and sludge accumulation.
- **Omega 904** provides increased lubricity for enhanced performance.
- **Omega 904** extends interval between oil changes to save you money.

OUTSTANDING PROPERTIES

Omega 904 is the industrial oil concentrate that:

- Is fortified with extreme pressure additives to prolong oil service life.
- Smooths and enhances machine performance.
- Reduces sludge, varnish and carbon build-up
- Significantly reduces heat and wear.

USE FOR

Omega 904 does not alter the viscosity of an oil, but ensures it remains stable throughout its operational temperature range. **Omega 904** resists thinning at high temperatures, yet will remain sufficiently thin for lubrication at low temperatures.

Omega 904 can be successfully applied to all lubrication systems, including

- Bath • Wick-feed • Drip-feed • Closed • Pressure-fed.

Use **Omega 904** for:

- Transmission • V-drives • Variators • Reducers • Transfers
- And all forms of gearboxes (excluding automatic transmissions).
